Mr. E. H. Hammond,
Supt. Cushman Ind. school.

Dear Sir:

Youre kind letter of August 13th at hand and in reply wish to say.

Samuel is taking treatment from the doctor for the after effects of the serious and well nigh fatal sicknesses of last term

We do not blame the faculty of Cushman for his illness but to the damp climate of the Sound country.

And Mr Hammond ask in all sincerity if you could not recommend and have the children transferred to some other good school in the interior or in a climate more suited to Samuels special temperment and state of health. According to his physician he needs special care and climate to avoid lung trouble.

Thanking you for your kindness in the past and asking your kind consideration,

I beg to remain,

Sincerely

Mrs Maggie Boyd.

Mrs. Maggie Boyd

Route #1 Box 49

Kettle Falls, Washington.

Dear Mrs. Boyd:

Your letter of the 25th., is at hand. As I wrote you day before yesterday, Sam is getting along all right and is very anxious to return home for the vacation. The other children are well at this date and appear to be enjoying themselves. We try to keep them busy enough to keep them out of mischief but not to overtax them. They have plenty of time for play as well.

Don't worry about your children, Mrs. Boyd. If anything serious happens to them I will advise you promptly. Sam has been ill repeatedly but at only one time did our physician report his condition as critical.

Your other children have had various spells of grippe, measles, mumps and so forth but are to all appearances enjoying themselves. They will, of course, feel downhearted at Sam's leaving them - but we will try to make them happy.

Very sincerely yours

Superintendent

June 25th 1918

Dear Son —

I have written to before but as the mail seems to be so irregular and as I do not hear regular from the children and Samuel has been sick so much I am writing you again with the hope that you will get some of my letters. I wish to bring Samuel home and if you should advise the other children also. I think from what I hear that Sa the climate does not agree with him and if you think

Reproduced at the National Archives at Seattle

it advisable I will send
for the other children also.
Please let me know at once
and I will send tickets
in either case. Now Mr
Hammond I am very
anxious about Samuel as
regards his health. Sophia
do not think me over
jealous in the matter.
Waiting in suspense your
early reply I remain
Truely
Mrs Maggie Boyd.

Mrs. Maggie Boyd

Kettle Falls, Washington.

Dear Mrs. Boyd:

Samuel is again convalescing and I hope will soon be fully recovered.

He was discharged from the hospital some time ago but after a few days he returned with an attack of pleurisy which later turned into pleura-pneumonia.

We have him on the road to recovery however. A few weeks or a couple of months at home would help him recover more quickly.

Do not worry about Samuel. We gave him the best of care and nursing and he is up and about and can travel any time you send for him.

The other children are well.

Very truly yours,

Superintendent

Mr. E. P. Hammond

Dear Sir -

I have a letter saying that school is out and I understand that Samuel is in the Hospital. I hope that he is not very ill. I expect to bring him home for vacation. If he is in shape to come please let me know when he can come and what the fare will be to Meyers Falls. I hope the rest of the children are well. If Samuel is very ill please let me know at once.

Truly Mrs Maggie Boyd

Mr E H Hammond

Dear Sir –

I am thinking about haveing Samuel come home. I would like to have all the children home for vacation but will not be able. If Samuel comes will it be necessary to deposit return fare with you or not. It will be a convienence if I will not need to do so. Could you inform me what the fare will be from there to Meyers Falls. Also when will vacation begin. What would fare for all of them cost to here. Truely – Mrs Maggie Boyd.

Hospital Record of Smauel Boyd - June 1, 1918.

February 12 - Entered with pleura-pneumonia, was dangerously ill and did not get strong enough to leave the hospital until April 7, 1918. Gained about 20 pounds.

May 3 - Returned with the mumps.

May 13 - Dismissed. Lost 7 pounds.

May 24,- Returned with pleura pneumonia and rheumatism. While the pneumonia was in a light form. Pus has formed in the right cavity which possibly may have to be drawn off.

June 1 - He is running a much lower temperature than Millard and Dr. Kinnear does not consider him seriously ill.

Mrs. Boyd

Mrs. Maggie Boyd,
Route 1, Box 49,
Kettle Falls, Wash.

Dear Mrs. Boyd:

The children have not been sick this winter except with bad colds once or twice until just now. Juanita has German Measles, but as they last only nine days, she will be out February 20th.

Sam went to the hospital with an attack of rheumatism on the 12th, but I expect he will be out in a short time. The doctor and the trained nurse will give him every possible attention, and I anticipate that by the time you receive this letter, he will be out again.

You can trust me to look after your children's health, and if they become really sick, I will notify you immediately.

Yours very sincerely,

EHH-S

Mr E. H. Hammond.

Dear Sir: I have not heard from the children for some time And when I last heard Samuel was in the hospital.

So I write asking you to please let me know their condition.

They seemed to be getting along fine so far as I have heard And seemed to be well satisfied.

I hope that the climt there agrees with them. We have had trouble about getting letters to and from them lately but suppose that is now on the account of delay of transportion

Thanking you for past favor. I remain

Respectfully Mrs Maggie Boggs

April 14th 1917

Dear Sir -

Yours of 10 inst. at hand and am sorry to hear you will close school. But will send children some time between July 1 and Sept. 10 next. I wish to know if all of the five children have been accepted so I may make preparations in time if not. I refer especially to Juanita whose application has sent last. Also what is necessary for me to do when I am ready to send them. With many thanks for favors

Am Truly

Mrs Fannie Smith Boyd.

Mrs. Fannie Smith Boyd,

Kettle Falls, Wash.

Dear Madam:

In answer to your letter of April 14, I have to say that your application for the enrollment of your five children was accepted and we can take them any time after the 1st of July, but we would prefer to have them from the 1st to the 10th of September.

If you will notify me just when you want them to come, it is very probable that I can place transportation for them. I cannot say positive that I can do that until later in the season, but whenever you make your application, I will then be in a position to give you definite information as to paying their transportation.

Very respectfully

TBW/C

Superintendent.

Hospital.

Cushman Indian School
Tacoma, Washington,
June 1, 1918.

Dear Mr. Hammond,-

At Dr. Kinnear's request I am sending you a report of Millard Lang's case and as Samuel Boyd's is similar tho not so serious, I have included his.

Dr. Kinnear tells me that a large percentage of pneumonia cases this year are being followed by the forming of pus as in these cases.

Out at the Base hospital they have many cases all of which are at once drained and which is doubtless the best procedure, but Dr. Kinnear has the parents to consider and he has reason to think that both of these cases are yielding to the treatment and the operation may not be necessary

He, however, thinks that you had better notify Millard's parents so that if drainage becomes necessary their consent may be gained.

Personally, I believe that Millard is improving since yesterday morning.

I think that there is no doubt but that Millard's last attack was brought on by the needless exposure.

Until he became serious this time, he was a rather unruly patient but he now seems to realize that he brought his trouble on himself.

Dr. Kinnear thinks that if his father wants to take him that it will be possible to do so as they doubtless will refuse to consent to drainage without which it will be a

FARM ENGINEERING.

RECORD CARD—PREVOCATIONAL DIVISION.

Each boy should devote 10 weeks to the work of this department during the three prevocational years. When he has accomplished the work as outlined in the course of study in a satisfactory manner, a suitable rating should be recorded. Ratings must be based on a practical application as well as a knowledge of the principles involved.

Ratings should be excellent (E), good (G), fair (F). If pupil's work is not worthy of a rating of fair, no grade should be recorded. Under "Remarks" mention anything that indicates interest, conduct, and proficiency of the pupil.

This card should be filed in folder for record of pupil (5–197). When the pupil is transferred to another school a copy of this card should be sent to the officer in charge of the school to which he is transferred.
