INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case· but in all cases where the parents are living they should first be consulted.

Mr. Allen -

Yours of May 2 at hand and in reply, I indeed think the question of chief and of the Colville Tribe is settled and that is Chemuna. As to the question of degree of Indian blood in your claim you are misinformed. This grandmother is recognized as a full blood Indian and their grandfather was full blood half Sioux and half of Kalispel. Their father was adopted by Thomas Vallier as his child and got all my education in Lapwai Mission and Hackett Institute. I am also of part Chinook blood as far as I can find.

My wife holds part of her allotment at Pond Orella. We are recognized Indians and have to bear the hardships imposed by the folly of accepting this land. We are not in a condition to keep our children and are really compelled to live in a which would put us in a precarious position. I am unable to work as I am afflicted with hernia and S. Ex. Rheumatism. So as this matter has been taken to Washington D. C. at different times and received no answer I insist that the children be sent to Chemawa as per the contract

RECORD CARD—PREVOCATIONAL DIVISION.

Each girl should devote 40 weeks to the work of this department during the three prevocational years. When she has accomplished the work as outlined in the course of study in a satisfactory manner, a suitable rating should be recorded. Ratings must be based on a practical application as well as a knowledge of the principles involved.

Ratings should be excellent (E), good (G), fair (F). If pupil's work is not worthy of a rating of fair, no grade should be recorded. Under "Remarks" mention anything that indicates interest, conduct, and proficiency of the pupil.

This card should be filed in folder for record of pupil (5-197). When the pupil is transferred to another school a copy of this card should be sent to the officer in charge of the school to which she is transferred.
