INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

The law provides:

"That hereafter no appropriation, except appropriations made pursuant to treaties, shall be used to educate children of less than one-fourth Indian blood whose parents are citizens of the United States and of the State wherein they live and where there are adequate free school facilities provided." (Act of May 25, 1918 (40 Stat. L., 564).)

EXTRACT FROM SCHOOL RULES.

If the facilities of a school are not needed as provided in the above paragraph, children showing any Indian blood, whose parents live on an Indian reservation, and who if debarred from Government schools could not obtain an education, may be enrolled in the day and boarding schools of their reservation; these children, however, may not be transferred to nonreservation schools without special permission from the Commissioner of Indian Affairs.

Before enrolling a pupil superintendents must satisfy themselves whether he has left any other school without permission and whether he has been expelled for cause from any other school. A pupil who has been expelled for cause from any Indian school may be reenrolled in any Indian school only with permission of the Commissioner of Indian Affairs. My friend:

In reply to your letter of November 13, stating that you are some degree over one-half blood of the Peoria Tribe of Oklahoma and asking to be informed of an industrial school where your children may attend,, you are advised that there are no boarding schools on the Colville Reservation.

Probably the Cushman School at Tacoma, Washington, would be the best place for them, providing they are eligible. The Superintendent will be notified of your request and will no doubt write you for such further information as he desires concerning the admission of your children to that school.

Your inquiry with reference to procuring allotments of land, for them will be taken up in another letter.

Your friend,

Mr. John M. Johnson,

Supt. Indian Agency,

Nespelem, Washington.

Dear Sir:

The Commissioner of Indian Affairs has sent me a copy of a letter which he wrote to Mrs. Maggie Boyd, Route 1, Box 49, Kettle Falls, Washington, in response to her inquire as to where she could place her children in school. The Commissioner notified herethat this school would probalby be the best place for them and stated that I would take the matter up with her with a view of having her children taken to this school.

Mrs. Boyd states that she is a half blood Indian of the Peoria Tribe of Okalahoma, but does not state whether her husband is an Indian or a white man. Very feequently they claim to have more Indian blood than they actually possess and I do not wish to take her children unless they are at least one-fourth Indian.

Will you please look into the matter and if you

think the children are entitled to schooling, send in their applications and transportation will be arranged for them.

Each boy should devote five weeks to the work of this department during the three prevocational years. When he has accomplished the work as outlined in the course of study in a satisfactory manner, a suitable rating should be recorded. Ratings must be based on a practical application as well as a knowledge of the principles involved.

Ratings should be excellent (E), good (G), fair (F). If pupil's work is not worthy of a rating of fair, no grade should be recorded. Under "Remarks" mention anything that indicates interest, conduct, and proficiency of the pupil.

This card should be filed in folder for record of pupil (5–197). When the pupil is transferred to another school a copy of this card should be sent to the officer in charge of the school to which he is transferred.
