INDORSEMENTS.

Applicable laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

Compliance must be given to all orders and instructions promulgated in connection with the new course of study issued December 1, 1915.

The information as to public school facilities called for in the certificate of the Superintendent (third page hereof) must be given, and all superintendents are especially directed to exhaust every means to secure enrollment of Indian children in the State public schools, pursuant to instructions heretofore issued in this regard.

Dr. Otis O. Benson
Superintendent, Tahola Indian Agency.
Tahola, Wn
My Dear Doctor:

The carbon copy of your letter to Mr. Simon Charley was duly received. I appreciate very much your attitude in the case.

When the mother came for the children, the latter had just ~~been released~~ recovered from the ~~the chicken~~ chicken-pox which they introduced to Cushman. The mother claimed her little ones were ragged, etc, etc, in spite of the evidence before her. I feel sure that after a few refusals to permit the children to drift in and out of school during the term, we shall be able to put a stop in a great measure to this pernicious habit.

I regretted very much not being able to send an employee to Tahola for children at the opening of school because Cushman is the logical school for your children — but as a matter of fact every suitable

employee was already out on the road, and there was no one to send. If you have a few more ~~boys~~ pupils that should be in school, please let me know when and where to send for them and I will do so.

Very sincerely yours
