Cushman Indian School,
Tacoma, Wash. Dec. 18, 1918.

Mr. William George,
Port Gamble, Washington.

Dear Mr. George:

John Steilacoom told me you wanted your children to return home for the Xmas holidays. The time given is so short that were there no other reason, it would not be advisable. The chief reason, however, is that it is not safe for the children to return home in the dead of winter with the influenza still threatening. Last year after the children returned, we had over sixty cases of measles, tonsilitis and grippe which kept us in quarantine a month. This year the danger from influenza and pneumonia both to your children and to the 325 others is too great to be risked.

We are planning to give the school a turkey dinner, and will have games and entertainments throughout the week so that the children will be kept busy and happy. Santa Claus will visit each child in school; and if you desire you may send them a box of fruit, or fish or anything you may please.

If your wife and you can visit Cushman you will find a table set for you and your children, but for their sakes don't risk their health for the sake of two or three days at home.

Sincerely yours,

EHH-S

Superintendent

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.
