INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case· but in all cases where the parents are living they should first be consulted.

Compliance must be given to all orders and instructions which have been promulgated in connection with the new course of study issued December 1, 1915.

The information as to public school facilities called for in the certificate of the Superintendent (third page hereof) must be given, and all superintendents are especially directed to exhaust every means to secure enrollment of Indian children in the State public schools, pursuant to instructions heretofore issued in this regard.

Alf. Goodman

Cushman Indian School
Tacoma, Wash., Sept. 10, 1919

Mrs. Josephine Goodman
811 South 11th Street
Tacoma, Washington.

Dear Mrs. Goodman:

I am in receipt of information from your former Superintendent, Dr. O. C. Benson, regarding your status.

Specific instructions from the Commissioner of Indian Affairs are that:

"The children of Indians who have received their patents in fee to their allotments are to be excluded from enrollment in a Government school supported from gratuity appropriations, unless in a given case the Indian child is a Federal ward, irrespective of the status of the parents."

When your children were accepted, you were a ward of the Government. On receiving a patent in fee, you became a full-fledged citizen; and as your children are not wards of of the Government, they are not entitled to enrollment in a Government Indian School.

You are, therefore, advised that they will not be retained at Cushman without special permission from the Commissioner of Indian Affairs.

A copy of our Annual Calender containing the new regulations for the admission of children to Government Indian schools is attached hereto. Your attention is particularly invited to Rules 1, 2, and 3.

Very truly yours,

Superintendent.
