INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

Mr. Johnson Spencer,

Kooskia, Idaho

Dear Mr. Spencer:

If I excused Aaron before the examinations, it would result in the loss of his chance to be promoted and he would be obliged to continue in the same grade another year. This would be a great injustice to Aaron who did not return to school until very late and needs the educational training. For his sake , I must refuse your request. After the examinations in June if you will submit a request for vacation with a deposit of the return fare, I will have no objections to Aaron's return provided the request is submitted through your superintendent.

Very truly yours

Dear Sir:

I received your letter to Aaron Niles, the other day. I must say that Aaron never came home last summer. He worked around at saw-mill in Washington last summer. I am sorry he has not returned yet. For I want him to finish in his trade

as Engineer. I want Aaron to stick to his work, and trade so that he can get a "certificate" on Engineering.

Let me hear from you as soon as possible,

I am your friend.

Dear Mrs. Spencer:

I have received your letter of October 25, 1919, but have no knowledge of Aaron's whereabouts.

I agree with you that Aaron is making a big mistake in not returning to finish his course in Engineering as he has learned only sufficient to be a fireman. I suppose the temptation of the high wages paid him during the vacation months proved too much for him to resist.

Very sincerely yours,

Superintendent.
