INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case· but in all cases where the parents are living they should first be consulted.

Compliance must be given to all orders and instructions which have been promulgated in connection with the new course of study issued December 1, 1915.

Mr. C. H. Hammond Supt.
Cushman Agency, Tacoma, Wn.

Dear Sir- I write to you today to inform you that this week I will send my children to school. Edna, Peter, & Sadie Napoleon respectively. During there stay here they had a good vacation and I feel assured that they will start schooling with more energy than ever.

They are all wishing to go to Chemawa this term and I would be glad if you can arrange it so that they can get a transfer to that school immediately.

I will also be glad to hear from you in regards to your idea on this matter. I close for this time, and remaining

Respectfully Yours,

Mr. Al Napoleon
c/o Fred L. Hartwell
White Swan, Wash.

My dear Mr. Napoleon:

I received your letter of September 1st asking for the transfer of Edna, Peter, and Sadie Napoleon to Chemawa. I am sorry I cannot comply with your wish as the children have not finished the course here, which is the same as they will find in every Government Indian School. There is, therefore, no reason why they should transfer except their desire to do so.

I am sure the children will enjoy their work at Cushman next year as they have been promoted and will find the work much more interesting than ever before.

I should like Edna especially to return to school early in order that she may have special lessons in cooking. During the Yakima Fair, Mr. Carr and I wish to have a half dozen Cushman Domestic Science girls to demonstrate three afternoons a week during the Fair. Edna will enjoy that, I am sure, as she is well qualified to do it.

There will be plenty of time after the children have graduated from Cushman for them to take up the work at Chemawa as it is, now, under the regulations, the Bureau expects them to attend the nearest Government school, which I assure you follows the same course of study as that given in other Government schools. I am sending you a copy of our new Catalog which I hope you will enjoy.

Very sincerely yours,

Superintendent.

RECORD CARD—PREVOCATIONAL DIVISION.

Each girl should devote 40 weeks to the work of this department during the three prevocational years. When she has accomplished the work as outlined in the course of study in a satisfactory manner, a suitable rating should be recorded. Ratings must be based on a practical application as well as a knowledge of the principles involved.

Ratings should be excellent (E), good (G), fair (F). If pupil's work is not worthy of a rating of fair, no grade should be recorded. Under "Remarks" mention anything that indicates interest, conduct, and proficiency of the pupil.

This card should be filed in folder for record of pupil (5-197). When the pupil is transferred to another school a copy of this card should be sent to the officer in charge of the school to which she is transferred.
